MISS MULOCK'S GREAT BOOK.

A WOMAN'S THOUGHTS ABOUT WOMEN. By Miss MULOCK, Author of "John Halifax, the Gentleman," "Agatha's Husband," &c. Miss Mulock shows how the trials, perplexities, joys, sorrows, hopes, and successes of life depend or rather the character according to her inward being. She teaches to teach, and leaves no room for doubt that it would be real life, but how any continued insincerity gradually darkens and corrupts the very life-spring.

THE FAIRY BOOK.

BY ALL BOOKSELLERS.

THE HISTORY OF THE TELEGRAPH FROM THE BEGINNING, 1834, TO THE COMPLETION, AUGUST, 1866. By Henry M. Field, D. D. With Illustrations to 1 vol., 12mo.

The New-York Evening Post says:

"Familiar as we were with the contemporaneous accounts of the various stages of the progress of the telegraph, they not only give more exact facts, but present the old in such a manner as to invest them with a vividness, clearness and interest we had hardly expected. The whole story, now first presented, reads more like a romance than the narrative of a series of facts.
